

Cheri Golub is a Learning Disabilities Teacher-Consultant with 28 years' experience. She has been in education for 31 years and, in addition to being a certified LDT-C, Mrs. Golub is certified as a Teacher of the Handicapped, Elementary Education Teacher and a Supervisor of Education. She has been employed in the public school system for nearly 26 years and has worked as both a private consultant and as an independent contractor. Mrs. Golub has also been on staff in the psychology department at Children's Specialized providing educational evaluations and consultative services.

She has a Master of Arts degree in Communication Sciences and Disorders with a concentration in learning disabilities and has an extensive background in both identifying learning disabilities and in remediating learning difficulties. She is highly skilled in the ability to determine a student's learning style and match the best learning approach. Mrs. Golub is well-versed in developing individualized educational programs to target a student's strengths and weaknesses.

Mrs. Golub is available to provide independent educational evaluations as needed for diagnosis, remediation or as part of an independent Child Study Team evaluation.
